

Building Caring Communities: Keeping Our Schools Safe & Successful

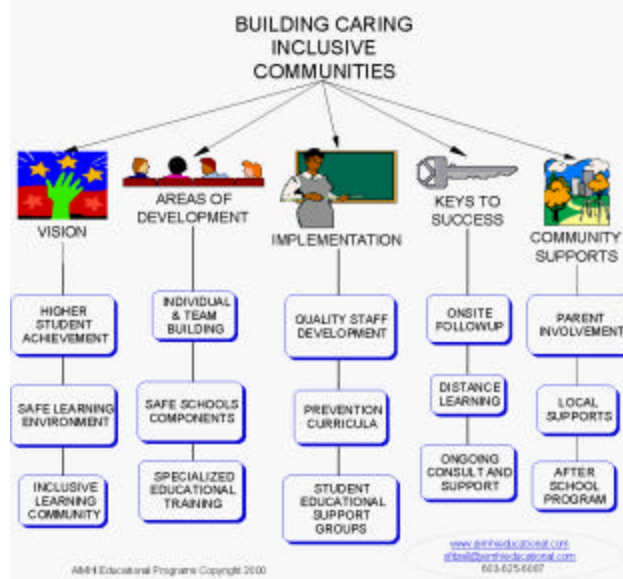

PRACTICAL IDEAS AND STRATEGIES:

- Identify the **critical approaches and components** required for building caring communities.
- Identify **where your school stands** in regards to these components: What is in place? What is working? What is not working? What is missing?
- Begin formulating or enhancing **your plan to create a caring school community** where acceptance of individual differences, respect, non-violence and collaboration are present and valued so that **all children may achieve** their highest potential.

BENEFITS OF ATTENDING:

- Through **interactive presentation of a concrete planning model** for systemic change, You will determine **what “caring community” components your school has in place**, what’s missing, what’s not working and what still needs to be done to achieve your goals.
- Susan presents a comprehensive model for building caring, safe communities in our schools. She addresses the issues of **bullying, character education, conflict resolution, teambuilding, and diversity**.
- Gain a **valuable reproducible needs assessment tool** specifically designed to pinpoint areas of strength and weakness present in your caring community model.
- Workshop methods include **quality visuals, small group work and discussion, interactive presentation**, and handouts to achieve the goals of the program session.
